Daffodils FOR BEAUTIFUL SPRING FLOWERS

OREGON GROWN

No garden is complete without a liberal planting of Daffodils or Narcissus. Perfectly hardy, they grow and produce abundantly in almost any position, sun or shade, moist or dry. They are equally suited to pot-culture for winter flowering and are unsurpassed for naturalizing.

Our Daffodil bulbs are grown for us in Oregon, where climate and the skill of America's leading Daffodil specialist, Mr. Jan de Graaff, are combined to produce the very best.

Note: The trumpet, crown, or cup is the center of the flower; the perianth is the surrounding row of petals or wings. (EE) Extra Early; (E) Early; (M) Midseason; (L) Late.
